

Are You Frustrated With Your EVV System Yet?

Hello,

May we ask, are you frustrated with your EVV system yet? Many providers of service across the state of Connecticut are.

By now, you've probably experienced how time consuming your EVV system is to operate, daily. You may be feeling overwhelmed getting through the daily tasks just within the event exception maintenance area of the system. You may also be concerned with the proper way to clear an exception on an event to make it ready for billing. Bottom line, you are spending much more time on your EVV system then you ever thought you would.

We understand your frustration and more importantly, we can help!

The **GordanJacobs™** Firm launched our EVV Service Bureau (EVVSB) to assist Connecticut's ABI Provider Community, Homemaker & Companion Agencies and Home Health Service Providers with the mandated use of the EVV system platform. Yes, we are here to help.

What do we do?

EVV Maintenance & Billing Services through our Service Portal program. Our Service Portals cover critical daily functions required to maintain a proper event scheduling, exception management and billing procedures as mandated.

At **GordanJacobs™**, our EVV maintenance and management processes, efficiencies, technology and scale are already in place for you, our future client. Simply put, we do a better job of managing and supporting an EVV system then your in-house teams. Our staff is thoroughly trained on EVV system methodologies and procedures. One of the many benefits our service offers your agency is no need to hire and support dedicated internal staff to function your EVV system efficiently. Continue onto back page please.

GordanJacobs™

Why waste valuable time and resources within your operation on an administrative function that can be better handled elsewhere? Many provider agencies across the state are handling their EVV system maintenance by outsourcing to a team of experts available at **GordanJacobs™ EVVSB**.

By outsourcing your EVV system maintenance to an expert service bureau allows you to concentrate on providing services to consumer within your community rather than administration and operations. With limited staff, state agency cuts, reimbursements shrinking and costs rising, relying on experts to manage your EVV system and collect all the monies you're owed is now more important than ever.

Behind every great Service Provider is an experienced EVV team...

Here's where **GordanJacobs™** comes in. We're a leading provider of EVV system services and non-clinical billing services in the US, providing premium service on a local and national level through our corporate facility located in Connecticut.

It is our mission to obtain accurate event exception management with complete and timely payment from all payers for our clients using state-of-the-art technology, proven EVV methodologies, effective and efficient EVV control systems along with a highly trained staff.

Maximize your care plan reimbursement with our comprehensive EVV maintenance services. Our service frees you from the costs and tasks of managing complex EVV systems along with personnel. Easily off-load cumbersome daily system maintenance and billing processes to **GordanJacobs™** and put more focus on the provider side of your agency.

UPDATE: New pricing programs now in place as well as the flexibility to choose which of our services that will serve you best.

Visit our dedicated EVV website: www.gordanjacobs.com/evv and download our brochure to receive more detailed information about what you should know concerning your EVV system operation and...

Call me! Lets open a conversation to discuss your EVV system and how we can help your operation succeed moving forward. This just may be the most important call you make. **1-800.523.1561 x701**
